**G49 4'X16' GC ADD ON W/POSTS & G51/G89 4'X8' GC ADD ON W/ POSTS****Thank you for purchasing our product!****\*Please read these instructions and follow them step be step.\***

Turn add on section on its side and insert dock post (**REF. # 2**) into dock post pocket and tighten with 1/2"x3/4" set screw (**REF. # 3**) (Finger tighten at this time). Place add on sections together and fasten thru the two end holes of the frame with 1/2"x1" bolts and 1/2" nuts (**REF. # 5 & 6**). Then locate your dock connector bracket (**REF. # 4**) and place on the two bottom holes on the outside of framework and fasten with (**REF. # 4 & 5**). Adjust your dock to desired height then tighten set screws on dock post.
